[Mark Morril](#), Morril ADR, Independent Arbitrator & Mediator,

### **Program Agenda**

#### **1:45 p.m. Registration**

#### **2:00-2:05 p.m. Co-Chairs' Welcome**

#### **2:05-3:05 p.m. Cybersecurity Solutions: Defensive Measures for All**

Regardless of one's role in an arbitration, individual practice setting (BigLaw or solo), or access to IT support, everyone can readily take certain measures to improve the cybersecurity of arbitration-related information. After debunking prevalent myths about cybersecurity in the arbitration process, this session will provide practical, actionable cybersecurity advice relevant to everyone in the arbitration process.

#### **3:10-4:10 Tips and Tools Workshops: Arbitrator and Counsel Tracks**

Participants will choose between parallel tips and tools workshops for arbitrators and counsel that will offer practical take-aways for leveraging technology to effectively (and securely) manage arbitration cases. Counsel will also gain insight on topics such as issues to be considered when using third-party platforms to host arbitration-related information, while arbitrators will benefit from how-to, time-saving tips for tasks such as award drafting.

#### **4:15-5:00 Roundtable: Expectations and Frustrations in the Arbitration Technopolis**

There is no denying that the modern arbitration case lives in the digital world. But are we making the most of technology to reduce arbitration time and costs and living up to user wants and expectations?

#### **5:00-7:00 Cocktail Reception**

**Debevoise  
& Plimpton**
