**Lee Rovinescu**

Partner, Freshfields Bruckhaus Deringer

**Greig Taylor**

Partner & Managing Director, AlixPartners

## PROGRAM DESCRIPTION

In this session, counsel and quantum experts will discuss different non-traditional areas in which quantum experts can contribute their expertise.

The panelists will discuss:

- the issue of causation and how the legal team and economic experts can work together in developing robust analyses to support the cause/effect relationship between the alleged breach and quantum of damages;
- how a quantum expert can effectively and efficiently rebut the opposing side's damages assessment (e.g., the tension between creating original analysis and correcting opposing side's analysis); and
- the role of the quantum expert in early-stages of cases in preparing preliminary assessments with limited information (e.g., to inform litigation funders and other stakeholders).

## EVENT REGISTRATION HERE.

## AGENDA (NY TIME)

6:00pm: Opening Remarks

6:15pm: Substantive Session

7:30pm: Audience Q&A
